

“Hello, my name is [insert your name] and I am your constituent from [insert city and state].

I am calling to ask [representative’s name] to support the family of Adam Fresquez, who tragically lost his life on the morning of May 3rd, 2023, in Jefferson County, Colorado. The circumstances surrounding his death have left his family devastated and seeking answers.

Despite the heartbreaking incident, the Edgewater police and District Attorney Alexis King have not been forthcoming with information about the ongoing investigation. Adam's family has been left in the dark regarding the death of their beloved son and brother, who was pepper-sprayed and shot twice in the back, in what the police claim to be an incident of road rage.

What's even more troubling is that the shooter is claiming self-defense and has been released without facing charges, raising serious questions within the community about the fairness and transparency of the investigation. It seems unjust that Adam's shooter is not being held accountable for the fatal shooting, especially considering he was shot in the back.

I implore you to stand with the Fresquez family in their pursuit of a transparent investigation and a just outcome in this case. They are seeking access to any available surveillance footage and additional evidence that sheds light on why the Edgewater Police and DA King have not taken appropriate action against Adam's killer.

The family's quest for justice begins with transparency, and they firmly believe that the shooter should be judged by a jury of his peers. Their grief and suffering demand that those responsible for Adam's death be held accountable for their actions.

Thank you for taking the time to address this matter with the urgency and sensitivity it deserves. Your support in seeking justice for Adam Fresquez and his family will undoubtedly make a significant difference in their lives and in upholding the principles of justice within our community.
